

Back-to-School Buddies

It's time for Back to School and We Need You!

As we embark on a school year that looks distinctly different, our hope is to create a partnership between a volunteer from our church and a K-8 student in our church community. Unable to volunteer in person, we would like to build a support network with phone calls, texts, facetime visits, emails, notes of encouragement, and cards for birthdays and other special occasions. There is something for everyone who wants to be a part of this mission. High School and college student volunteers are welcome. *(Johnston County students will each be assigned a computer with internet service and an email address through the school system.)*
