

Four Oaks UMC

In-Person Small Group Protocols

- Individuals who have knowingly been exposed to someone with COVID-19 or who have had symptoms of illness should remain at home.
- Each participant is ***required*** to wear a mask with the exceptions provided by the CDC (those under the age of two and those with disabilities). Cloth masks will be available for all ages at the church if you do not have one.
- Each participant is asked to use hand sanitizer upon entering the building and as frequently as needed during church activities.
- Participants should refrain from physical contact of any kind and maintain a distance of six feet from others at all times.
- Each small group is responsible for sanitizing their area after each meeting (including door handles, light switches, thermostat buttons, tables, and DVD/TV remotes if used). Cleaning supplies will be provided and ready to use in the fellowship hall and sanctuary building.
- If an individual discovers they were exposed to someone who tested positive for COVID-19 prior to their small group's meeting, or if they test positive themselves, they should inform their small group's Point Person.
- Each small group must designate a "point person". Each small group's "point person" must:
 - Contact Joey or Tyler to communicate a desire to meet at least one week in advance of the first meeting date.
 - Take attendance at each meeting and keep each meeting's attendance on record.
 - Arrive at the church at least 15 minutes early to unlock the doors, turn the lights on, and adjust the thermostats.
 - Contact the small group's members, Joey, and Tyler if the Point Person is informed of an exposure or positive test
 - Ensure that the group properly and thoroughly sanitizes the meeting area
 - Be the last person out the door, sanitizing the light switches and door handles on the way out.
